9/15/08

Dear Jennifer,

I hate to say this but I believe it is time for me to retire. I have enjoyed my time with you and the others. I am 94 and I do not want to drive at night unless it is necessary.

I had a great time at the elementary school and the time serving lunches. You are doing such a great job at the center — Lafayette owes you a great deal.

So, why not make my exit effective immediately from the committee,

Thanks for a wonderful time.

Gene Donaldson
